Evaluation of Selected Rheumatoid Arthritis Activity Scores for Office-based Assessment

Sullivan MB, Iannaccone C, Cui J, Lu B, Batra K, Weinblatt M, Shadick NA. Evaluation of selected rheumatoid arthritis activity scores for office-based assessment. *J Rheumatol* 2010;37:2466-8. In the abstract under Results, “CDAI ($r = 0.74$, $\Delta r = 0.64$)” should read “CDAI ($r = 0.84$, $\Delta r = 0.80$)”; and “RAPID ($r = 0.62$, $\Delta r = 0.57$)” should read “RAPID ($r = 0.71$, $\Delta r = 0.70$)”. We regret the error.
