Orthopedic Surgery Among Patients with Rheumatoid Arthritis 1980–2007: A Population-based Study Focused on Surgery Rates, Sex, and Mortality

Shourt CA, Crowson CS, Gabriel SE, Matteson EL. Orthopedic surgery among patients with rheumatoid arthritis 1980–2007: A population-based study focused on surgery rates, sex, and mortality. *J Rheumatol* 2012;39:481-5. In the Discussion, paragraph 5, the concluding sentence should read: “A new observation from our study was that among orthopedic surgeries we evaluated, survival was lowest for JRP procedures.” We regret the error.
