The Journal of Rheumatology is a monthly international serial edited by Earl D. Silverman featuring research articles on clinical subjects from scientists working in rheumatology and related fields.
Editorials

Elective Orthopedic Surgery and Perioperative DMARD Management: Many Questions, Fewer Answers, and a Few Opinions T. Bongartz .......................... 653

All Patients with Rheumatoid Arthritis Should Receive Corticosteroids as Part of Their Management S. Carette .......................... 656

Studying the Benefit/Risk Ratio of Glucocorticoids in Rheumatoid Arthritis M. Boers .......................... 661

The Need to Take a Fresh Look at Criteria for Hypermobility R. Grahame .......................... 664

Spinal Mobility Measures in Spondyloarthritis: Application of the OMERACT Filter J.C. Davis Jr, D.D. Gladman .. 666

Considering Cardiovascular Mortality in Patients with Rheumatoid Arthritis from a Different Perspective: A Role for Autonomic Dysregulation and Obstructive Sleep Apnea A.J. Holmari .......................... 671

Articles

Risk Factors for Surgical Site Infections and Other Complications in Elective Surgery in Patients with RA with Special Attention for Anti-TNF: A Large Retrospective Study A.A. den Broeder, M.C.W. Creemers, J. Fransen, et al .......................... 689

Disease Modifying Effects of N-butyryl Glucosamine in a Streptococcal Cell Wall Induced Arthritis Model in Rats S-X. Wang, A. Cherian, M. Dumitriu, et al .......................... 712

Ligands for Programmed Cell Death 1 Gene in Patients with SLE S-C. Wang, C-H. Lin, T-T. Ou, et al .......................... 721

Elevated Soluble ICAM-1 Levels in Patients with SLE: Relation to Insulin Resistance T.K. Tso, W-N. Huang .......................... 726

Cytochrome P450 Polymorphism as a Predictor of Ovarian Toxicity to Pulse Cyclophosphamide in SLE G. Singh, N. Saxena, A. Aggarwal, R. Misra .......................... 731

Epidemiology of General Joint Hypermobility and Basis for Proposed Criteria for Benign Joint Hypermobility Syndrome: Review of the Literature L. Remvig, D.V. Jensen, R.C. Ward .......................... 804

Contents continued opposite inside back cover . . .
Widespread Pain and FM in a Biracial Cohort of Young Women .......................... 810

Pediatric Rheumatology
Survey on the Use of MTX by Pediatric Rheumatologists in Canada .......................... 818

IL-18 as a Marker of Disease Activity and Severity in Patients with JIA .................. 823

Bone Health and Growth in Glucocorticoid-Treated Patients with JIA .................. 831

Images in Rheumatology
Acitretin-Related Ossification .................................................. 837

OMERACT 8
International Consensus Conference on Outcome Measures in Rheumatology Clinical Trials, St. Julian’s Bay, Malta, May 10-14, 2006

Imaging
Summary Findings of a Systematic Review of the Ultrasound Assessment of Synovitis .......................... 839

The OMERACT Ultrasound Group: Status of Current Activities and Research Directions .......................... 848

The OMERACT MRI Inflammatory Arthritis Group — Advances and Priorities .......................... 852

A Multireader Reliability Study Comparing Conventional High-Field MRI with Extremity Low-Field MRI in RA .................................................. 854

A Multicenter Reliability Study of Extremity-MRI in the Longitudinal Evaluation of RA .......................... 857

Developing a MRI Scoring System for Peripheral Psoriatic Arthritis .......................... 859

Scoring Inflammatory Activity of the Spine by MRI in AS: A Multireader Experiment .......................... 862

Is There a Preferred Method for Scoring Activity of the Spine by MRI in AS? .................. 871

Computer Based Methods for Measurement of Joint Space Width: Update of an Ongoing OMERACT Project .......................... 874

Repair in RA, Current Status. Report of a Workshop at OMERACT 8 .......................... 884

Correspondence
Renal Amyloidosis in RA .......................... 889

Letters
IL-1Ra Therapy-Induced Thrombocytopenia in Adult Onset Still’s Disease .......................... 892

SLE with Major Organ Involvement in a Patient with Systemic-Onset JIA .......................... 893

The Impact of IL-1Ra and MBL Gene Polymorphisms on Joint Damage After 5 and 10 Years in Patients with Early RA .......................... 894

Obituary for an Organization .......................... 895

Ivory Vertebra and Palmoplantar Pustulosis .................................................. 896

ANCA in Nonsystemic Vasculitic Neuropathy .................................................. 899

Refractory Wegener’s Meningitis Treated with Rituximab .......................... 900

Book Reviews
Rheumatoid Arthritis, 2nd edition .................................................. 901

Arthritis in Children and Adolescents .................................................. 902
