Editorials

Glucosamine Therapy for Osteoarthritis: An Update
T.E. Towheed, T. Anastassiades .......................... 1787

Prevention of Rheumatic Disease
R.D. Wigley ............................................. 1791

Microangiopathic Antiphospholipid-Associated Syndromes Revisited — New Concepts Relating to Antiphospholipid Antibodies and Syndromes
R.A. Asherson, S. Pierangeli, R. Cervera .............. 1793

Frontal Plane Knee Alignment: A Call for Standardized Measurement
T.D.V. Cooke, E.A. Sled, R.A. Scudamore .............. 1796

Articles

Vanadate, an Inhibitor of Stromelysin and Collagenase Expression, Suppresses Collagen Induced Arthritis
S.J. Oliver, G.S. Firestein, L. Arsenault, et al ............ 1802

Effects of Low-dose Prednisolone on Endothelial Function, Atherosclerosis, and Traditional Risk Factors for Atherosclerosis in Patients with RA — A Randomized Study

Peripheral Blood Expression of NF-κB-Regulated Genes Is Associated with RA Disease Activity and Responds Differentially to Anti-TNF-α versus MTX
A. Parker, E.S. Izmailova, J. Narang, et al ............ 1817

Influence of the BsmI Polymorphism of the Vitamin D Receptor Gene on RA Clinical Activity

Gold Therapy in Women Planning Pregnancy: Outcomes in One Center
M. Almarzouqi, D. Scarsbrook, A. Klinkhoff ............ 1827

Acute Lower Respiratory Tract Infections in Patients with RA
P. Coyne, J. Hamilton, C. Heycock, V. Saravanan, E. Coulson, C.A. Kelly .............................. 1832

Functional HAQ and Psychological HAQ Are Associated with and Predicted by Different Factors in RA
S.M.M. van Rijthoven, T. Sokka, J.W.J. Bijlsma ........ 1837

Pediatric Rheumatology

Onset to First Visit Intervals in Childhood Rheumatic Diseases
C. Shapiro, L. Maenz, Md.A. Hossain, P. Pahwa, A. Rosenberg ........................................ 1913

Variation in the Initial Treatment of Knee Monoarthritis in JIA: A Survey of Pediatric Rheumatologists in the U.S. and Canada
T. Beukelman, J.P. Guevara, D.A. Albert, D.D. Sherry, J.M. Burnham ...................................... 1918

Clinical Manifestations of Human T Lymphotropic Virus Type I-Infected Patients with SLE

Inflammatory Mechanisms Affecting the Lipid Profile in Patients with SLE

Classification Criteria for SSC Subsets

Rituximab for Refractory Polymyositis: An Open-label Prospective Study
C.C. Mok, L.Y. Ho, C.H. To ............................. 1864

Autonomic and Orthostatic Dysfunction in Primary SS
T. Mandl, P. Wollmer, R. Manthorpe, L.T.H. Jacobsson .................................................... 1869

Enhanced Endothelium-Dependent Microvascular Responses in Patients with Wegener’s Granulomatosis

Serum Uric Acid Levels and Risk for Vascular Diseases in Patients with Metabolic Syndrome
J. Hjortnaes, A. Algra, J. Olijhoek, et al ................ 1882

Ultrasoundographic Measurement of Tophi as an Outcome Measure for Chronic Gout
F. Perez-Ruiz, I. Martin, B. Canteli ..................... 1888

Improving Informed Decision-Making for Patients with Knee Pain
L. Fraenkel, N. Rabidou, D. Wittink, T. Fried .......... 1894

Clinical Comorbidity in OA: Associations with Physical Function in Older Patients in Family Practice
U.T. Kadam, P.R. Croft ................................ 1899

Determinants of Reduced Walking Speed in People with Musculoskeletal Pain
S. Ayis, S. Ebrahim, S. Williams, P. Jüni, P. Dieppe ...... 1905
