The Journal of Rheumatology is a monthly international serial edited by Earl D. Silverman featuring research articles on clinical subjects from scientists working in rheumatology and related fields.
Editorials

All That Glitters Is Not Gold — Standardizing Diagnosis in Rheumatoid Arthritis Studies K.P. Liao, V. Bykerk .................. 1223

Who’s Holding up the Queue? Delay in Treatment of Rheumatoid Arthritis J.E. Homik ................................. 1225

Rehabilitation for Ankylosing Spondylitis in the Era of Biologics: Any Room Left for This Treatment? E. Lubrano, S. D’Angelo, A. Spadaro, C. Palazzi, I. Olivieri .................. 1228

Should Clinicians Start Measuring Flow Mediated Dilation Response in Patients with Systemic Lupus Erythematosus? C.S. Lau ................................................................. 1231

Review

Challenges in Diagnosing Latent TB Infection in Patients Treated with TNF Antagonists E.C. Keystone, K.A. Papp, W. Wobeser .................. 1234

Articles

A Comparison Between IgG- and IgA-class Antibodies to CCP and to Modified Citrullinated Vimentin in Early RA and Very Early Arthritis A. Svārd, A. Kastbom, M.K. Söderlin, Å. Reckner-Olsson, T. Skogh .................................................. 1265

Persistence with Anti-TNF Therapies in Patients with RA: Observations from the RADIUS Registry J.A. Markenson, A. Gibofsky, W.R. Palmer, et al .......................................................... 1273

Time to Treatment for New Patients with RA in a Major Metropolitan City S. Jamal, S.M.H. Alibhai, E.M. Badley, C. Bombardier .................................................. 1282

Prognostic Indicators of Hospitalized Patients with SLE: A Large Retrospective Multicenter Study in China X. Feng, Y. Zou, W. Pan, et al .......................................................... 1289

Endothelium-dependent But Not Endothelium-independent Flow-mediated Dilation Is Significantly Reduced in Patients with SLE without Vascular Events: A Metaanalysis and Metaregression A. Mak, Y. Liu, R.C-M Ho .......................................................... 1296

Longterm Followup After Tapering MMF During Maintenance Treatment for Proliferative Lupus Nephritis K. Laskari, A.G. Tzioufas, A. Antoniou, H.M. Moutsopoulos .................................. 1304

Quantitative Data for Care of Patients with SLE in Usual Clinical Settings: A Patient Multidimensional HAQ and Physician Estimate of Noninflammatory Symptoms A.D. Askanase, I. Castrejón, T. Pincus .................................. 1309

Late-age Onset SSC R.L. Manno, F.M. Wigley, A.C. Gelber, L.K. Hummers ...... 1317

Expert Agreement on EULAR/EUSTAR Recommendations for the Management of SSc K.M. Walker, J. Pope, on behalf of the Scleroderma Clinical Trials Consortium and the Canadian Scleroderma Research Group .................................. 1326

Rehabilitation Treatment in Patients with AS Stabilized with TNF Inhibitor Therapy, A Randomized Controlled Trial S. Masiero, L. Bonaldo, M. Pigatto, A. Lo Nigro, R. Ramonda, L. Punzi .................................................. 1335

Resolution of Inflammation Following Treatment of AS Is Associated with New Bone Formation S.J. Pedersen, P. Chiowchanwisawakit, R.G.W. Lambert, M. Østergaard, W.P. Maksymowych .................................. 1349

Candidate Genes in Patients with Autoinflammatory Syndrome Resembling TNF Receptor-associated Periodic Syndrome Without Mutations in the TNFRSF1A Gene S. Borghini, M. Fiore, M. Di Duca, et al .................................. 1378
