The Journal of Rheumatology is a monthly international serial edited by Earl D. Silverman featuring research articles on clinical subjects from scientists working in rheumatology and related fields.
Recommendations

Canadian Rheumatology Association Clinical Practice
Identifying Practice Variations for the Development of
Results of a National Needs Assessment Survey
Emerging Issues in Pharmacological Management of RA:
Response to TNF Inhibitor Therapy
5 Years of Treatment in Patients with RA and an Inadequate
Longterm Safety and Efficacy of Abatacept Through
Infusion Reactions
Real-world Clinical Setting: Description and Evaluation of
Diagnostic Value of Anti-Sa and Anticitrullinated Protein
