The Journal of Rheumatology is a monthly international serial edited by Earl D. Silverman featuring research articles on clinical subjects from scientists working in rheumatology and related fields.
Editorials
The Histopathological Classification of ANCA-associated Glomerulonephritis Comes of Age
A. Tanna, C.D. Pusey .................................................. 265
Composite Measures of Impact and Activity in Psoriatic Arthritis: A Conceptual Framework
W. Tillett ................................................................. 268

Review
Quality of Care for SLE: Mind the Knowledge Gap
V. Golder, E.F. Morand, A.Y. Hoi ................................ 271

Psoriatic Arthritis
The 12-item PsA Impact of Disease Questionnaire: Construct Validity, Reliability, and Interpretability in a Clinical Setting
M. Di Carlo, A. Becciolini, V. Lato, C. Crotti, E.G. Favalli, F. Salaffi .................................................. 279
The Risk of Developing Diabetes Mellitus in Patients with PsA: A Cohort Study
L. Eder, V. Chandran, R. Cook, D.D. Gladman .......................... 286

Sjögren Syndrome
Detailed Analysis of the Articular Domain in Patients with Primary Sjögren Syndrome
R.V. Moerman, S. Arends, P.M. Meiners, et al. ........................ 292

Vasculitis
Giant Cell Arteritis–related Stroke: A Retrospective Multicenter Case-control Study
H. de Boysson, E. Liozon, D. Lariviére, et al. ......................... 297
Histopathological Classification and Renal Outcome in Patients with ANCA-associated Renal Vasculitis: A Study of 186 Patients and Metaanalysis
Y.X. Chen, J. Xu, X.X. Pan, et al. ....................................... 304
Incidence of Malignancy Prior to ANCA–associated Vasculitis Compared to the General Population
E.E. van Daalen, C. Rahmattulla, R. Wolterbeek, J.A. Bruijn, I.M. Bajema .................................................. 314

Myositis
Antimelanoma Differentiation-associated Gene 5 Antibody: Expanding the Clinical Spectrum in North American Patients with Dermatomyositis
S. Moghadam-Kia, C.V. Oddis, S. Sato, M. Kuwana, R. Aggarwal .......................... 319

Pediatric Rheumatology
Clinical Orofacial Examination in JIA: International Consensus-based Recommendations for Monitoring Patients in Clinical Practice and Research Studies
Prevalence of Anti-infliximab Antibodies and Their Associated Co-factors in Children with Refractory Arthritis and/or Uveitis: A Retrospective Longitudinal Cohort Study
F.A. Aeschlimann, F. Angst, K.D. Hofer, et al. .......................... 334
The Juvenile PsA Cohort in the CARRA Registry: Clinical Characteristics, Classification, and Outcomes
Attitudes and Approaches for Withdrawing Drugs for Children with Clinically Inactive Nonsystemic JIA: A Survey of the Childhood Arthritis and Rheumatology Research Alliance
D.B. Horton, K.B. Onel, T. Beukelman, S. Ringold ........................................ 352
Sleep Disturbances and Neurobehavioral Performance in JIA

Gout
Predictors of Mortality in People with Recent-onset Gout: A Prospective Observational Study
Z.L. Vincent, G. Gamble, M. House, et al .............................. 368
The Pharmacodynamics, Pharmacokinetics, and Safety of Arhalofenate in Combination with Febuxostat When Treating Hyperuricemia Associated with Gout
A.S. Steinberg, B.D. Vince, Y.J. Choi, R.L. Martin, C.A. McWherter, P.F. Boudes ........................................ 374
