The Journal of Rheumatology is a monthly international serial edited by Earl D. Silverman featuring research articles on clinical subjects from scientists working in rheumatology and related fields.
Is Fragility Fracture a Strong Risk Factor for a Cardiovascular Event in Rheumatoid Arthritis? The Challenge of Dealing with Multiple Comorbidities

W.F. Lems ................................................................. 545

Safety and Efficacy of in Vitro Fertilization in Women with Systemic Lupus Erythematosus and Antiphospholipid Syndrome

G. Genest, C.A. Laskin ........................................ 547

A To-Do List at Diagnosis of Systemic Sclerosis with Positive Anti-RNA Polymerase III Antibodies

M. Kuwana .............................................................. 550

Utility of Dose Frequency Adjustment in Tocilizumab Administration for RA

S. Saito, Y. Kaneko, K. Izumi, T. Takeuchi .................. 553

Fragility Fractures Are Associated with an Increased Risk for Cardiovascular Events in Women and Men with RA: A Population-based Study

O. Ni Muircheartaigh, C.S. Crowson, S.E. Gabriel, V.L. Roger, L.J. Melton III, S. Amin ........................................ 558

Safety of Biologic and Nonbiologic Disease-modifying Antirheumatic Drug Therapy in Veterans with RA and Hepatitis C Virus Infection

M.J. Burton, J.R. Curtis, S. Yang, et al .......................... 565

A.A. Kiadaliri, A. Turkiewicz, M. Englund ................... 571

The Relationship Between Cardiac Conduction Times, Cardiovascular Risk Factors, and Inflammation in Patients with Early Arthritis

Ultrasound Evaluation of the Entheses in Daily Clinical Practice during Tumor Necrosis Factor-α Blocking Therapy in Patients with Ankylosing Spondylitis

F. Wink, G.A. Bruyn, F. Maas, et al ............................ 587

Deaths Associated with Ankylosing Spondylitis in France from 1969 to 2009

C. Pratt, M. Puyraveau, X. Guillot, F. Verhoeven, D. Wendling ................................................. 594

Performance of 3 Enthesitis Indices in Patients with Peripheral SpA During Treatment with Adalimumab

Are Ultrasound Findings Similar in Patients with Axial SpA and in Athlete Entheses?

M.A. Lanfranchi, O. Leluc, A. Tavano, et al ................... 609

In Vitro Fertilization in 37 Women with SLE or Antiphospholipid Syndrome: A Series of 97 Procedures

P. Orquevaux, A. Masseau, V. Le Guern, et al .............. 613

Comparison of Disease Characteristics, Organ Damage, and Survival in Patients with Juvenile-onset and Adult-onset SLE in a Combined Cohort from 2 Tertiary Centers in Turkey

Methodological Quality of Studies of Endstage Renal Disease in Lupus Nephritis, 1970 to 2015

M.G. Tektonidou, M.M. Ward ................................. 626

Proteomic Analysis of Sera from Individuals with DcSSc Reveals a Multianalyte Signature Associated with Clinical Improvement during Imatinib Mesylate Treatment

D.J. Haddon, H.E. Wand, J.A. Jarrell, et al .................. 631

Malignancies in Patients with Anti-RNA Polymerase III Antibodies and SSC: Analysis of the EULAR Scleroderma Trials and Research Cohort and Possible Recommendations for Screening

M.G. Lazzaroni, I. Cavazzana, E. Colombo, et al, and EUSTAR co-authors ......................... 639

Whole-spine Computed Tomography Findings in SAPHO Syndrome

W. Xu, C. Li, X. Zhao, et al ................................. 648

Missing Wrists in a Patient with RA: A Matter of Compliance
