*The Journal of Rheumatology* is a monthly international serial edited by Earl D. Silverman featuring research articles on clinical subjects from scientists working in rheumatology and related fields.
Editorials

Rheumanomics: Addressing Scarcity and Need in Rheumatologic Care
A. Steiman ...........................................1

Filling the Gap: Toward a Disease Activity Tool for Systemic Juvenile Idiopathic Arthritis
F. Minoia, A. Consolaro, A. Ravelli ..........................3

Review

Minimal Disease Activity as a Treatment Target in PsA: A Review of the Literature

Rheumatoid Arthritis

Safety and Efficacy of Baricitinib Through 128 Weeks in an Open-label, Longterm Extension Study in Patients with RA

CNT06785, a Fully Human Antiinterleukin 17 Monoclonal Antibody, in Patients with RA with Inadequate Response to Methotrexate: A Randomized, Placebo-controlled, Phase II, Dose-ranging Study

Effect of Anticitrullinated Protein Antibody Status on Response to Abatacept or Antitumor Necrosis Factor-α Therapy in Patients with RA: A US National Observational Study
L.R. Harrold, H.J. Litman, S.E. Connolly, et al ..........................32

Routine Use of Quantitative Disease Activity Measurements among US Rheumatologists: Implications for Treat-to-target Management Strategies in RA

Risk of Obstructive Sleep Apnea and Its Association with Cardiovascular and Noncardiac Vascular Risk in Patients with RA: A Population-based Study
K.M. Wilton, E.L. Matteson, C.S. Crowson ...............................45

Plasma MicroRNA Profiles in Patients with Early RA Responding to Adalimumab plus Methotrexate vs Methotrexate Alone: A Placebo-controlled Clinical Trial

Spondyloarthritides

Five Potentially Modifiable Factors Predict Poor Quality of Life in Ankylosing Spondylitis: Results from the Scotland Registry for Ankylosing Spondylitis
L.E. Dean, G.J. Macfarlane, G.T. Jones ..............................62

Development and Validation of MRI Sacroiliac Joint Scoring Methods for the Semiaxial Scan Plane Corresponding to the Berlin and SPARCC MRI Scoring Methods, and of a New Global MRI Sacroiliac Joint Method
P. Hededef, M. Østergaard, I.J. Sørensen, et al ..........................70

Psoriatic Arthritis

Rebound in Measures of Disease Activity and Symptoms in Corrona Registry Patients with PsA Who Discontinue TNF Inhibitor Therapy after Achieving Low Disease Activity
L.R. Harrold, B.S. Stolshek, S. Rebello, et al ..........................78

Systemic Lupus Erythematosus

Cumulative Burden of Glucocorticoid-related Adverse Events in Patients with SLE: Findings from a 12-year Longitudinal Study

More Consistent Antimalarial Intake in First 5 Years of Disease Is Associated with Better Prognosis in Patients with SLE

Systemic Sclerosis

Limited Exercise Capacity in Patients with SSc: Identifying Contributing Factors with Cardiopulmonary Exercise Testing
N. Martis, V. Queyrrel-Moranne, D. Launay, et al ..........................95

Nodular Regenerative Hyperplasia of the Liver: A Rare Vascular Complication in SSc

Free online via JRheum Full Release option

Contents continued on page xvi
Pediatric Rheumatology

Comparative Effectiveness of TNF Agents and Disease-modifying Antirheumatic Therapy in Children with Enthesitis-related Arthritis: The First Year after Diagnosis
P.F. Weiss, R. Xiao, T.G. Brandon, et al .................. 107

Proposed Core Set of Items for Measuring Disease Activity in Systemic JIA
E. Limenis, B.M. Feldman, C. Achonu, et al .............. 115

Osteoarthritis

Patient Acceptable Symptom State in Knee OA Patients Succeeds Across Different Patient-reported Outcome Measures Assessing Physical Function, But Fails Across Other Dimensions and Rheumatic Diseases

Gout

Corticosteroid or Nonsteroidal Antiinflammatory Drugs for the Treatment of Acute Gout: A Systematic Review of Randomized Controlled Trials
C.A. Billy, R.T. Lim, M. Ruospo, S.C. Palmer, G.F. Strippoli .................. 128

Medical Education

Improving Access to Rheumatologists: Use and Benefits of an Electronic Consultation Service
K. Rostom, C.D. Smith, C. Liddy, A. Afkham, E. Keely .... 137

Images in Rheumatology

Diplopia, Proptosis, and Joint Pain: Possibility of Osseous and Orbital Sarcoidosis
R. Kohli, C. Siva ............................................. 141

Secondary Calcinosis of the Foot
M. Sondag, C. Prati, D. Wendling .......................... 143

Letter

Trends in Gout Hospitalization in Sweden
M. Dehlin, L.T. Jacobsson ................................. 145

Meetings in Rheumatology ................................. x
