The Journal of Rheumatology is a monthly international serial edited by Earl D. Silverman featuring research articles on clinical subjects from scientists working in rheumatology and related fields.
Editorials

Rheumanomics: Addressing Scarcity and Need in Rheumatologic Care  A. Steiman ........................................... 1

Filling the Gap: Toward a Disease Activity Tool for Systemic Juvenile Idiopathic Arthritis  F. Minoia, A. Consolaro, A. Ravelli ................................. 3

Review

Minimal Disease Activity as a Treatment Target in PsA: A Review of the Literature  L. Gossec, D. McGonagle, T. Korotaeva, et al ......................................... 6

Rheumatoid Arthritis

Effect of Anticitrullinated Protein Antibody Status on Response to Abatacept or Antitumor Necrosis Factor-α Therapy in Patients with RA: A US National Observational Study  L.R. Harrold, H.J. Litman, S.E. Connolly, et al ............................... 32

Spondyloarthritis

Five Potentially Modifiable Factors Predict Poor Quality of Life in Ankylosing Spondylitis: Results from the Scotland Registry for Ankylosing Spondylitis  L.E. Dean, G.J. Macfarlane, G.T. Jones ........................................... 62

Development and Validation of MRI Sacroiliac Joint Scoring Methods for the Semiaxial Scan Plane Corresponding to the Berlin and SPARCC MRI Scoring Methods, and of a New Global MRI Sacroiliac Joint Method  P. Hededal, M. Østergaard, I.J. Sørensen, et al ........................................... 70

Psoriatic Arthritis

Rebound in Measures of Disease Activity and Symptoms in Corrona Registry Patients with PsA Who Discontinue TNF Inhibitor Therapy after Achieving Low Disease Activity  L.R. Harrold, B.S. Stolshek, S. Rebello, et al ........................................... 78

Systemic Lupus Erythematosus

More Consistent Antimalarial Intake in First 5 Years of Disease Is Associated with Better Prognosis in Patients with SLE  R. Pakchotanon, D.D. Gladman, J. Su, M.B. Urowitz ........................................... 90

Systemic Sclerosis

Limited Exercise Capacity in Patients with SSc: Identifying Contributing Factors with Cardiopulmonary Exercise Testing  N. Martis, V. Queyrel-Moranne, D. Launay, et al ........................................... 95

Nodular Regenerative Hyperplasia of the Liver: A Rare Vascular Complication in SSc  L. Graf, R. Dobrota, S. Jordan, L.M. Wildi, O. Distler, B. Maurer ................................................................. 103

# Pediatric Rheumatology

**Comparative Effectiveness of TNF Agents and Disease-modifying Antirheumatic Therapy in Children with Enthesitis-related Arthritis: The First Year after Diagnosis**  
P.F. Weiss, R. Xiao, T.G. Brandon, et al  
**Page:** 107

**Proposed Core Set of Items for Measuring Disease Activity in Systemic JIA**  
E. Limenis, B.M. Feldman, C. Achonu, et al  
**Page:** 115

# Osteoarthritis

**Patient Acceptable Symptom State in Knee OA Patients Succeeds Across Different Patient-reported Outcome Measures Assessing Physical Function, But Fails Across Other Dimensions and Rheumatic Diseases**  
**Page:** 122

# Gout

**Corticosteroid or Nonsteroidal Antiinflammatory Drugs for the Treatment of Acute Gout: A Systematic Review of Randomized Controlled Trials**  
C.A. Billy, R.T. Lim, M. Ruospo, S.C. Palmer, G.F. Strippoli  
**Page:** 128

# Medical Education

**Improving Access to Rheumatologists: Use and Benefits of an Electronic Consultation Service**  
K. Rostom, C.D. Smith, C. Liddy, A. Afkham, E. Keely  
**Page:** 137

# Images in Rheumatology

**Diplopia, Proptosis, and Joint Pain: Possibility of Osseous and Orbital Sarcoidosis**  
R. Kohli, C. Siva  
**Page:** 141

**Secondary Calcinosis of the Foot**  
M. Sondag, C. Prati, D. Wendling  
**Page:** 143

# Letter

**Trends in Gout Hospitalization in Sweden**  
M. Dehlin, L.T. Jacobsson  
**Page:** 145
