

Dr. Barber replies

To the Editor:

We appreciate the correspondence from Dr. Harth¹. We were unaware of the 1975 publication from the Department of National Health and Welfare on the rheumatology workforce because it was not readily available online. We concur that access to rheumatology care continues to be a struggle in many jurisdictions in Canada and that various strategies will be required to address it in the future.

CLAIRE BARBER, MD, PhD, FRCPC, University of Calgary, Rheumatology, HRIC, Room 3AA20, Calgary, Alberta T2N 4N6, Canada.
