Proinflammatory Cytokines Synergistically Enhance the Production of CCL20 from Rheumatoid Fibroblast-like Synovial Cells in vitro and Serum CCL20 Is Reduced in vivo by Biologic DMARD S-Y. Kawashiri, A. Kawakami, N. Iwamoto, et al ............................ 2397

Monocyte Derived IL-23 Is an Important Determinant of Synovial IL-17A Expression in RA L.K. Stamp, A. Easson, L. Pettersson, J. Highton, P.A. Hessian .................................................. 2403

Effective Anti-TNF-α Therapy Can Induce Rapid Resolution and Sustained Decrease of Gastrointestinal Mucosal Amyloid Deposits in Reactive Amyloidosis Associated with RA T. Kuroda, Y. Wada, D. Kobayashi, et al ................................................. 2409

Reactivation of Hepatitis B Viral Infection in Inactive HBsAg Carriers Following Anti-TNF-α Therapy S-J. Chung, J.K. Kim, M-C. Park, Y-B. Park, S-K. Lee ......................................................... 2416

Pulmonary Nodulosis and Aseptic Granulomatous Lung Disease Occurring in Patients with RA Receiving TNF-α-Blocking Agent: A Case Series E. Toussirot, J.M. Berthelot, E. Pertuiset, et al ........................................ 2421

Changes Over Time in the Diagnosis of Rheumatoid Arthritis in a 10-year Cohort J. Morvan, J-M. Berthelot, V. Devauachelle-Pensec, et al ............................................................. 2428

Reevaluation of Role of Duration of Morning Stiffness in the Assessment of RA Activity N.A. Khan, Y. Yazici, J. Calvo-Alen, et al, on behalf of QUEST-RA Group .............................. 2435

FM Is Common and Adversely Affects Pain and Fatigue Perception in North Indian Patients with RA V. Dhir, A. Lawrence, A. Aggarwal, R. Misra ........................................... 2443

Circulating Surfactant Protein D Is Decreased in SLE S.V. Hoegh, A. Voss, G.L. Sorensen, et al ............................................... 2449

Autoantibodies and the Risk of Cardiovascular Events K.P. Liang, H. Maradit Kremers, C.S. Crowson, et al ............................................. 2462

The Impact of SLE on Employment R. Campbell Jr, G.S. Cooper, G.S. Gilkeson ................................................................. 2470

Prevalence of Flare and Influence of Demographic and Serologic Factors on Flare Risk in SLE: A Prospective Study M. Petri, S. Singh, H. Tesfayosene, A. Malik ............................................................. 2476

Work Disability in Systemic Sclerosis M. Hudson, R. Steele, Y. Lu, B.D. Thombs, and the Canadian Scleroderma Research Group, M. Baron ................................................................. 2481

SAA and CRP Concentrations Are Differently Associated with Markers of Autoimmunity in Patients with Primary Sjögren’s Syndrome M. Pertovaara, J. Jylhävä, H. Uusitalo, J. Pukander, H. Helin, M. Hurme ........................................ 2487

Expression and Function of the C-Cell Chemokine Lymphotactin (XCL1) in Wegener’s Granulomatosis S. Blaschke, P. Brandt, J.T. Wessels, G.A. Müller ................................................................. 2491

Which Aspects of Functioning Are Relevant for Patients with AS: Results of Focus Group Interviews A. Boonen, M. van Berkel, A. Cieza, G. Stucki, D. van der Heijde ........................................ 2501

Work Disability in Patients with AS R. Ariza-Ariza, B. Hernández-Cruz, E. Collantes, et al ......................................................... 2512

Perturbed IGF-1 and IGF Binding Protein-3 Are Not Associated with Chronic Widespread Pain in Men: Results from the European Male Ageing Study J. McBeth, A. Tajaf, T.W. O’Neill, et al, and the EMAS Group ................................................................. 2523

Trends in Medical Care Expenditures of US Adults with Arthritis and Other Rheumatic Conditions 1997 to 2005 M.G. Cisternas, L.B. Murphy, E.H. Yelin, A.J. Foreman, D.J. Pasta, C.G. Helmick ................................................................. 2531

Pediatric Rheumatology

Ethnic Differences in Pediatric SLE L.T. Hiraki, S.M. Benseler, P.N. Tyrrell, E. Harvey, D. Hebert, E.D. Silverman ................................................................. 2539
Clinical and Serologic Characterization of an Argentine Pediatric Myositis Cohort: Identification of a Novel Autoantibody (anti-MJ) to a 142-kDa Protein
