

The Journal of Rheumatology

VOLUME 49: NO. 11

jrheum.org

NOVEMBER 2022

Editorials

- Addressing the Rheumatology Workforce Shortage: A Question of Supply and Demand**
Eric M. Ruderman, Alexis Ogdie 1183
- Contrast-Enhanced Ultrasound for Monitoring Takayasu Arteritis**
Wolfgang Andreas Schmidt 1185
- The Opportunities and Challenges of Telemedicine in the Management of People With Rheumatoid Arthritis**
Peter C. Taylor 1188

Expert Review

- Narrative Review of Machine Learning in Rheumatic and Musculoskeletal Diseases for Clinicians and Researchers: Biases, Goals, and Future Directions**
Amanda E. Nelson and Liubov Arbeeva 1191

Review

- Pediatric to Adult Transition Literature: Scoping Review and Rheumatology Research Prioritization Survey Results**
Nicole Bitencourt, Erica Lawson, John Bridges, et al, for the Childhood Arthritis and Rheumatology Research Alliance (CARRA) Transition Workgroup 1201

Spondyloarthritis

- Are All Routine Spondyloarthritis Outpatient Visits Considered Useful by Rheumatologists? An Exploratory Clinical Practice Study**
Kasper Hermans, Annelies Boonen, Astrid van Tubergen 1214

Psoriatic Arthritis

- Effect of Fatigue on Health-Related Quality of Life and Work Productivity in Psoriatic Arthritis: Findings From a Real-World Survey**
Laure Gossec, Jessica A. Walsh, Kaleb Michaud, et al 1221

Systemic Lupus Erythematosus

- Trajectory of Damage Accrual in Systemic Lupus Erythematosus Based on Ethnicity and Socioeconomic Factors**
Romy Kallas, Jessica Li, Daniel W. Goldman, Laurence S. Magder, Michelle Petri 1229
- Determinants of Cervical Cancer Screening Patterns Among Women With Systemic Lupus Erythematosus**
Sarah H. Chung, Kimiko Oshima, Michael Singleton, et al 1236

Vasculitis

- Follow-up Contrast-Enhanced Ultrasonography of the Carotid Artery in Patients With Takayasu Arteritis: A Retrospective Study**
Jin Ding, Dangjie Wu, Qing Han, Kui Zhang, Zhaohui Zheng, Ping Zhu 1242

Pediatric Rheumatology

- Early Abnormal Nailfold Capillary Changes Are Predictive of Calcinosis Development in Juvenile Dermatomyositis**
Tomo Nozawa, Audrey Bell-Peter, Jo-Anne Marcuz, et al 1250

Gout

- Dual-Energy Computed Tomography Has Additional Prognostic Value Over Clinical Measures in Gout Including Tophi: A Systematic Literature Review**
Sally K. Stauder, Paul M. Peloso 1256

Other Arthritides

- Evaluation of Patients With Rheumatoid Arthritis in Teleconsultation During the First Wave of the COVID-19 Pandemic**
Jérôme Avouac, Anna Molto, Camélia Frantz, et al . . . 1269

Open Access article

Contents continued on page xii

COVID-19 Vaccine Uptake Among Patients With Systemic Lupus Erythematosus in the American Midwest: The Lupus Midwest Network (LUMEN)
Baptiste Chevet, Gabriel Figueroa-Parra, Jeffrey X. Yang, et al 1276

Images in Rheumatology

Melorheostosis or “Dripping Candle Wax” Bone Disease
Solène Remize, Benoit De Courtivron, Médéric Jeanne 1283

Panorama

The Unintended Consequence of the Overturn of Roe v Wade: Restrictions on Methotrexate Use
Bonnie L. Bermas 1284

Research Letters

A Novel Antineutrophil Extracellular Trap Antibody Targeting Myosin Light Chain 6 in Microscopic Polyangiitis
Miku Yoshinari, Fumihiko Hattanda, Yuka Nishibata, et al 1286

Relapse and Remission in Children With Chronic Noninfectious Uveitis Treated With Methotrexate
Courtney McCracken, Jessica G. Shantha, Steven Yeh, et al 1289

Case Report

Unveiling Deficiency of Adenosine Deaminase 2: An Adult Patient With Recurrent Strokes, Vasculitic Ulcers, and Bowel Perforation
Francesca Trentin, Linda Carli, Chiara Tani, Marta Mosca 1291

Correspondence

Apremilast Use in Oligoarticular Psoriatic Arthritis
Vicenç Torrente-Segarra, Maria Bonet 1293

Chilblains After SARS-CoV-2 Vaccination: Coincidence or Real Association?
Anastasios Karamanakos, Gerasimos Evangelatos, Maria Pappa, Kalliopi Fragiadaki, Antonis Fanouriakis, George E. Fragoulis 1295
