

# The Journal of Rheumatology

VOLUME 49: NO. 12

jrheum.org

DECEMBER 2022

## Editorials

**A New Look at an Old Procedure?**  
*Pascal Richette, Augustin Latourte* . . . . . 1297

**How Could Physical Activity Reduce Inflammation and Inflammatory Gene Expression in Rheumatoid Arthritis?**  
*Patrick H. Desein, Anne E. Stanwix, Ahmed Solomon* . . . . . 1299

**Long-Term Adherence to Urate-Lowering Therapy in Gout: A Glass Half Empty or a Glass Half Full?**  
*Lindsay N. Helget, Ted R. Mikuls* . . . . . 1303

**The Third Dose Is the Charm: Effective Cellular and Humoral Immune Responses to Third COVID-19 Vaccine Doses in Immunosuppressed Nonresponders**  
*Wilson Kuswanto, Matthew C. Baker* . . . . . 1305

## Review

**Is It Time to Bring Back Knee Washout?**  
*Robert W. Ike, Kenneth C. Kalunian* . . . . . 1307

## Rheumatoid Arthritis

**Articular <sup>18</sup>Fluorodeoxyglucose Uptake Is Associated With Clinically Assessed Swollen Joint Count in Patients With Rheumatoid Arthritis**  
*Iván Ferraz-Amaro, Arif Sheikh, Berna Polack, Jon T. Giles, Joan M. Bathon* . . . . . 1315

**Physical Activity Associates With Lower Systemic Inflammatory Gene Expression in Rheumatoid Arthritis**  
*Sarah L. Patterson, Shenghuan Sun, Dmitry Rychkov, et al* . . . . . 1320

## Spondyloarthritis

**Relationship Between Inflammation and Radiographic Progression in Patients With Ankylosing Spondylitis Attaining a BASDAI of Less Than 4 During Tumor Necrosis Factor Inhibitor Treatment**  
*Bon San Koo, Ji Seon Oh, Seo Young Park, et al* . . . . . 1328

**Novel Biomarker of Collagen Degradation Can Identify Patients Affected With Both Axial Spondyloarthritis and Crohn Disease** *Signe Holm Nielsen, Andrew Stahly, Emilie H. Regner, Anne-Christine Bay-Jensen, Morten A. Karsdal, Kristine A. Kuhn* . . . . . 1335

## Systemic Lupus Erythematosus

**Development and Initial Validation of a Systemic Lupus Erythematosus-Specific Measure of the Extent of and Reasons for Medication Nonadherence**  
*Kai Sun, Theresa M. Coles, Corrine I. Voils, et al* . . . . . 1341

## Vasculitis

**Antineutrophil Cytoplasm Antibody-Associated Vasculitides Valvular Impairment: Multicenter Retrospective Study and Systematic Review of the Literature**  
*Lina Jeantin, Tiphaine Lenfant, Pierre Bataille, et al, on behalf of the French Vasculitis Study Group* . . . . . 1349

## Myositis

**A Retrospective Analysis of Outcome in Melanoma Differentiation-Associated Gene 5-Related Interstitial Lung Disease Treated with Tofacitinib or Tacrolimus**  
*Li Fan, Wenting Lyu, Huarui Liu, et al* . . . . . 1356

## Osteoarthritis

**Formulating Knee Osteoarthritis Management Plans Taking Type 2 Diabetes Into Account: Qualitative Study of Arthritis Therapists Using Theoretical Domains Framework** *Lauren K. King, Esther J. Waugh, Crystal MacKay, et al* . . . . . 1365

## Gout

**Long-Term Follow-up of a Randomized Controlled Trial of Allopurinol Dose Escalation to Achieve Target Serum Urate in People With Gout** *George B. Coleman, Nicola Dalbeth, Chris Frampton, et al* . . . . . 1372

Open Access article

Contents continued on page xii

---

## Other Arthritides

**How Is Health Equity Assessed in Cochrane Musculoskeletal Reviews?**  
*Nicole Janusz, Omar Dewidar, Sierra Dowling, et al. . . . 1379*

🔗 **Immune Response to SARS-CoV-2 Third Vaccine in Patients With Rheumatoid Arthritis Who Had No Seroconversion After Primary 2-Dose Regimen With Inactivated or Vector-Based Vaccines**  
*Carolina A. Isnardi, Osvaldo L. Cerda, Margarita Landi, et al. . . . . 1385*

🔗 **Immunoglobulin A Vasculitis Following COVID-19: A French Multicenter Case Series**  
*Yanis Ramdani, Jean Marc Galempoix, Jean François Augusto, et al. . . . . 1390*

## Images in Rheumatology

**Extravascular Necrotizing Granuloma: A Diagnostic Clue for Eosinophilic Granulomatosis With Polyangiitis**  
*Naoki Tanomogi, Mana Kubota, Miyuki Kato. . . . . 1395*

**IgG4-related Disease Mimicking a Paratesticular Tumor and Pelvic Lymph Node Metastasis**  
*Eri Sugawara, Taiki Sato, Kazuaki Katsumata. . . . . 1396*

## Panorama

**Rusty and Wooden**  
*Brian Robert Smith . . . . . 1398*

## Research Letters

**Camptodactyly-Arthropathy-Coxa Vara-Pericarditis Syndrome: The First Familial Case in China and Novel Mutations of the Proteoglycan 4 Gene**  
*Jun-Mei Zhang, Feng-Qiao Gao, Cai-Feng Li, et al. . . . 1400*

**Delayed Referral of Female Patients With Rheumatoid Arthritis: Where Are We Now? A Study Spanning 3 Decades**  
*Bastiaan T. van Dijk, Annette H.M. van der Helm-van Mil . . . . . 1402*

## Correspondence

**New-Onset Salt-and-Pepper Skin Changes Associated With Vaccination and Trauma in Systemic Sclerosis: Immunity Matters**  
*Hanlin Yin, Liangjing Lu . . . . . 1404*

**Drs. Chung and McMahan reply**  
*Melody P. Chung, Zsuzsanna H. McMahan . . . . . 1406*

## Corrections

**Eosinophilic Granulomatosis With Polyangiitis With a Pathologically Proven Calcified Lung Nodule**  
*Norihisa Tada, Yajima Nobuyuki, Noriko Konishi, Eisuke Shiozawa . . . . . 1407*

**Management of Peripheral Arthritis in Patients With Psoriatic Arthritis: An Updated Literature Review Informing the 2021 GRAPPA Treatment Recommendations**  
*Ying-Ying Leung, Tatiana Korotaeva, Liliana Candia, et al. . . 1407*

**Reviewer Index 2022 . . . . . 1408**

**Meetings . . . . .**
