

The Journal of Rheumatology

VOLUME 50: NO. 9

jrheum.org

SEPTEMBER 2023

Editorials

- Prognostic Stratification of Lupus Nephritis: The Importance of Renal Histology**
Chi Chiu Mok 1095
- For Your Eyes Only: 007 Tips for the Management of Cardiovascular Risk Factors in Antineutrophil Cytoplasmic Antibody–Associated Vasculitis**
Jan Willem Cohen Tervaert 1097
- Addressing Rheumatology Resident Well-Being Is Critical to the Rheumatology Workforce and the Care of Our Patients**
Dana Cecilia Jerome, Alan Liang Zhou 1100

Expert Review

- Type I Interferons in Autoimmunity: Implications in Clinical Phenotypes and Treatment Response**
Ana Carolina Londe, Ruth Fernandez-Ruiz, Paulo Rogério Julio, Simone Appenzeller, Timothy B. Niewold 1103

Rheumatoid Arthritis

- Factors Associated With Maintenance of Remission Following Change From Combination Therapy to Monotherapy in Patients With Rheumatoid Arthritis**
Jeffrey R. Curtis, Paul Emery, Greg Kricorian, et al. . . . 1114
- Real-World Incidence and Determinants of Infection in Patients With Rheumatoid Arthritis Treated With Golimumab After a Median Follow-Up Time of 27 Months**
Louis Bessette, Proton Rahman, John Kelsall, et al. . . . 1121

Systemic Lupus Erythematosus

- Renal Histopathology Associated With Kidney Failure and Mortality in Patients With Lupus Nephritis: A Long-Term Real-World Data Study**
Yu-Wan Liao, Yi-Ming Chen, Tsu-Yi Hsieh, et al. 1127
- Argonaute, Vault, and Ribosomal Proteins Targeted by Autoantibodies in Systemic Lupus Erythematosus**
Fatemeh Moadab, Xiaoxing Wang, Rayan Najjar, et al. . . . 1136

Vasculitis

- Traditional and Disease-Specific Risk Factors for Cardiovascular Events in Antineutrophil Cytoplasmic Antibody-Associated Vasculitis: A Multinational Retrospective Study** *Sergey Moiseev, Nikolay Bulanov, Matija Crnogorac, et al.* 1145
- Seasonal Influence on Development of Antineutrophil Cytoplasmic Antibody–Associated Vasculitis: A Retrospective Cohort Study Conducted at Multiple Institutions in Japan (J-CANVAS)**
Yusuke Yoshida, Naoki Nakamoto, Naoya Oka, et al. . . 1152

Myositis

- Association Between HLA Alleles and Autoantibodies in Dermatomyositis Defined by Sarcoplasmic Expression of Myxovirus Resistance Protein A**
Munenori Oyama, Yuko Ohnuki, Akinori Uruha, et al. . . 1159

Pediatric Rheumatology

- Do Patterns of Early Disease Severity Predict Grade 12 Academic Achievement in Youths With Childhood-Onset Chronic Rheumatic Diseases?** *Lily S.H. Lim, Okechukwu Ekuma, Ruth A. Marrie, et al.* 1165
- Consensus-Driven Definition for Unequivocal Sacroiliitis on Radiographs in Juvenile Spondyloarthritis**
Pamela F. Weiss, Timothy G. Brandon, Robert G. Lambert, et al. 1173

Other Arthritides

- Online Patient-Reported Outcome Measure Engagement Is Dependent on Demographics and Locality: Findings From an Observational Cohort**
Mark Yates, Katie Bechman, Maryam A. Adas, et al. . . . 1178

Medical Education

- An Evaluation of Burnout Among US Rheumatology Fellows: A National Survey** *Jenna McGoldrick, Diego Molina-Ochoa, Pascale Schwab, Samuel T. Edwards, Jennifer L. Barton.* 1185

Images in Rheumatology

Shoulder Focal Periphyseal Edema: An Unusual Cause of Shoulder Pain in an Adolescent
Guillaume Larid, Pier-Olivier Duboe, Elisabeth Gervais . . . 1192

Disseminated *Mycobacterium haemophilum* Infection Mimicking Rheumatoid Nodules
Kyosuke Yamamoto, Ryo Rokutanda 1193

Research Letters

How Is Pulmonary Function Assessed in Patients With Juvenile Systemic Sclerosis? Do We Have a Good Clinical Standard?
Ivan Foeldvari, Bernd Hinrichs, Kathryn Torok, Franziska Rosser, Nicola Helmus 1194

Successful Management of Checkpoint Inhibitor-Induced Arthritis With Disease-Modifying Antirheumatic Drugs During Active Immune Checkpoint Inhibition Treatment
Helga B. Brynjarsdottir, Sara Bjursten, Max Levin, Inger Gjertsson, Anna Rudin 1195

Canadian Rheumatology Association Living Guidelines for Rheumatoid Arthritis: Update #1
Glen S. Hazlewood, Pooneh Akhavan, Jordi Pardo Pardo, et al. 1198

Correspondence

Cervical Cancer Screening Is a Highly Neglected Procedure Among Women With Systemic Lupus Erythematosus
Fernanda Ribeiro Elias Cintra, Luiza Martins Araújo, Maruska Iamut Dib, Leila Cristina Soares Brollo, Evandro Mendes Klumb 1199

Considerable Uncertainty About the Burden of Gout in the Middle East and North Africa Region
Christopher G. Maher, Caitlin M.P. Jones, Danielle Coombs, Giovanni Ferreira 1201
