

The Journal of Rheumatology

VOLUME 51: NO. 2

jrheum.org

FEBRUARY 2024

Editorials

- Antiphospholipid Antibodies (aPL) and Thrombotic Microangiopathy for the Diagnosis of aPL Nephropathy: You Can't Have One Without the Other**
Charles E. Alpers 109
- Embracing Diversity: The Imperative to Represent the LGBTQIA+ Community in Rheumatology Research**
Jeffrey B. Driban, Bill M. Jesdale, Timothy E. McAlindon . . 112
- Are Disease Classification Criteria for Diagnosis or for Research? In Fact, for Neither**
Hasan Yazici, Yusuf Yazici 114

Expert Review

- Statistical and Scientific Considerations Concerning the Interpretation, Replicability, and Transportability of Research Findings**
Richard J. Cook, Jerald F. Lawless 117

Rheumatoid Arthritis

- A Call for Gene Expression Analysis in Whole Blood of Patients With Rheumatoid Arthritis (RA) as a Biomarker for RA-Associated Interstitial Lung Disease**
Anna Wierczeiko, Matthias Linke, Johannes Peter Friedrich, et al 130
- Elevated Serum Levels of Zonulin Family Peptides in Anticitrullinated Protein Antibody-Positive At-Risk Individuals Without Arthritis**
Cecilia Hemgren, Klara Martinsson, Christopher Rooney, et al 134

Psoriatic Arthritis

- Use of the Bath Ankylosing Spondylitis Disease Activity Index in Patients With Psoriatic Arthritis With and Without Axial Disease**
Soumya M. Reddy, Katie Xue, M. Elaine Husni, et al . . . 139
- Central Sensitization in Psoriatic Arthritis: Relationship With Composite Measures of Disease Activity, Functional Disability, and Health-Related Quality of Life**
Fausto Salaffi, Sonia Farah, Benedetta Bianchi, Marco Di Carlo 144

Open Access article

Systemic Lupus Erythematosus

- Efforts to Better Characterize “Antiphospholipid Antibody Nephropathy” for the 2023 ACR/EULAR Antiphospholipid Syndrome Classification Criteria: Renal Pathology Subcommittee Report**
Medha Barbhaya, Maxime Taghavi, Stephane Zully, et al, on behalf of the New APS Classification Criteria Steering Committee and APS ACTION Collaborators 150
- Risk Factors and Incidence of Serious Infections in Patients With Systemic Lupus Erythematosus Undergoing Rituximab Therapy**
Yi-Syuan Sun, De-Feng Huang, Wei-Sheng Chen, et al . . 160

- Effect of Attending Rheumatologists’ Big 5 Personality Traits on Patient Trust in Patients With Systemic Lupus Erythematosus: The TRUMP2-SLE Project**
Nao Oguro, Nobuyuki Yajima, Yuichi Ishikawa, et al . . . 168

Osteoarthritis

- Plasma Cartilage Acidic Protein 1 Measured by ELISA Is Associated With the Progression to Total Joint Replacement in Postmenopausal Women**
Patrick Garnero, Evelyne Gineyts, Jean-Charles Rousseau, Elisabeth Sornay-Rendu, Roland D. Chapurlat 176

Pediatric Rheumatology

- Psychiatric Morbidity Is Common Among Children With Juvenile Idiopathic Arthritis: A National Matched Cohort Study**
Malthe Jessen Pedersen, Christian Høst, Stefan Nygaard Hansen, Bent Winding Deleuran, Bodil Hammer Bech 181

Gout

- Can Smartphone Notifications Help With Gout Management? A Feasibility Study**
Yasaman Emad, Nicola Dalbeth, John Weinman, Trudie Chalder, Keith J. Petrie 189

Contents continued on page xii

Other Arthritides

Use of Coordinator Role Improves Access to Rheumatologic Advanced Therapy
Chandra Farrer, Sydney Thib, Lihi Eder, Dana Jerome, Natasha Gakhal 197

Panorama

The Big Picture: Patient Drawings of Gout and Their Relationship to Illness Perceptions and Stigma
Meihana Douglas, Rachael Yelder, Maria Kleinstäuber, et al 203

Images in Rheumatology

Thoracic Clavicular Gout
Zheng Liao, Li Deng, Xiaowen Luo, Zhenhua Wen 206

Skeletal and Cardiac Muscle Hydroxychloroquine Toxicity
Maude Bouchard Marmen, Mickael Ohana, Jean-Jacques Von Hunolstein, Béatrice Lannes, Alain Meyer 207

Research Letter

Owning Pets Reduces the Perception of Disease Activity in Patients With Rheumatoid Arthritis
Cristina Posio, Ilaria Suardi, Roberto Caporali, Francesca Ingegnoli 208

Correspondence

Stepping Up Counseling and Referral to Effective Physical Activity Interventions for Adults With Osteoarthritis
Elizabeth A. Fallon, David R. Brown, Leigh F. Callahan, et al 209

White and Jakiela reply
Daniel K. White, Jason T. Jakiela 213
