

Supplementary Figure 1. GLADEL patients.

LDAS: low disease activity state; SLEDAI: Systemic Lupus Erythematosus Disease Activity Index.

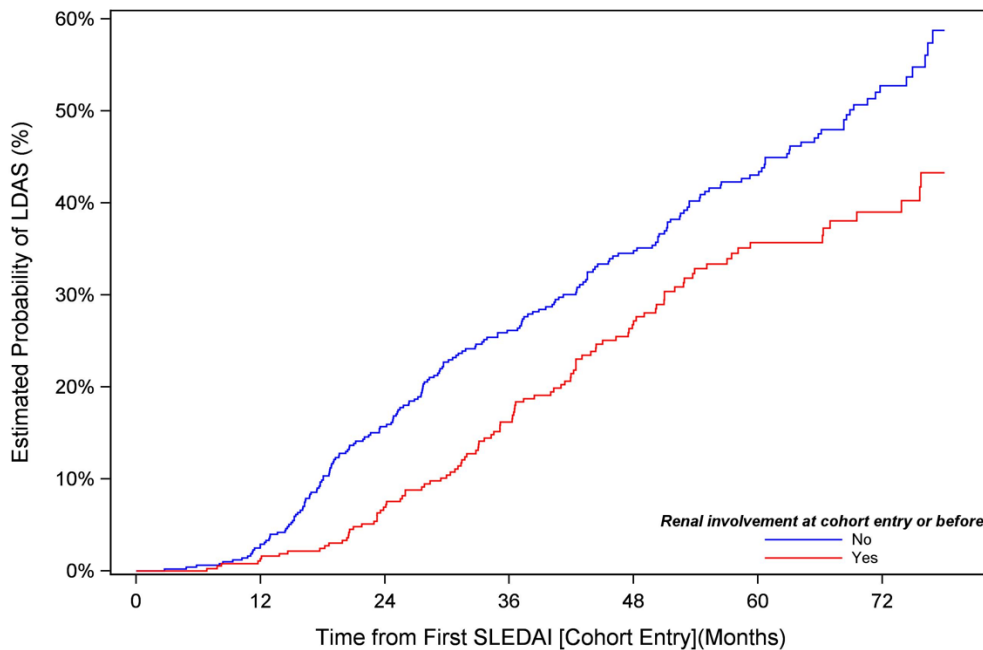

Supplementary Figure 2. Predictors of LDAS in GLADEL cohort.

A. Age at cohort entry (categorized). LDAS: low disease activity state; SLEDAI: Systemic Lupus Erythematosus Disease Activity Index.

B. Presence of mucocutaneous involvement. LDAS: low disease activity state; SLEDAI: Systemic Lupus Erythmatosus Disease Activity Index.

No	504	460	368	295	222	149	65
Yes	398	359	302	235	171	103	59

C. Presence of renal involvement. LDAS: low disease activity state; SLEDAI: Systemic Lupus Erythematosus Disease Activity Index.

D. SLEDAI at baseline (categorized). LDAS: low disease activity state; SLEDAI: Systemic Lupus Erythematosus Disease Activity Index.
