

The Journal of Rheumatology

2024 ADVERTISING RATES AND SPECIFICATIONS

The Journal of Rheumatology is the official journal of the active members of the Canadian Rheumatology Association, including rheumatology residents and trainees.

According to the Essential Journal Study*, the print edition of **The Journal of Rheumatology** is considered a top essential journal to their practice by Canadian rheumatologists. Plus, over 50% of rheumatologists access **The Journal's** website at least on a monthly basis.

Canadian rheumatologists use medical journals as their top source to keep informed about pharmaceutical products. Medical journals are also considered the most credible source, with association-sponsored meetings and drug information sites as distant second and third choices.

Every month, **The Journal** features original clinical research by world-renowned experts, with the latest articles on drug therapy, patient-reported outcomes, medical education, and the discovery of therapeutic targets in the treatment of rheumatic diseases.

*research commissioned by *The New England Journal of Medicine*.
